Topsy! I'm a huge fan! I have all your comics, even original prints under the Moontide label!

Geez, Turvy, looks like we got a bit of an Acres fanboy on our hands. How 'bout we give him the ol' Acres welcoming?

Wow I really AM talking to Acres' cartoons. This is all still overwhelming for me. I almost forgot why you were ban-

PTOOONK!

SPLAT!!

Topsy! Please give your freshly welcomed toon a bit of time to acclimate to their new home!

TOON!? You senile sap. You wouldn't recognize a dusty acorn if it fell from your own branches. THAT is clearly a human!

Absurd!

That HUMAN has clearly been corrupted by Blot!

Kick

Kick

AAAAAAAAA!

You know...

I got this fun little follow-up game I like to play with new "toons."

Let's see how well you squash and stretch!

Aha~Topsy, I kind of like Worldly's idea.

I'm not used to being a toon!

I feel really weird right now like... all tingly and stuff?

Could use a moment!

A-hahahahaha!

Maybe while we're at it, we can wring that little Blot out of ya

Even the ground feels weird, like I'm treading on a bouncy marshmellow.

Come on, move! Should have trusted my gut feeling. I should have. . .
